Lake Hart Custom Home Kitchen

Built for a growing family, this PSG Construction custom home includes a kitchen boasting modern amenities without forsaking inviting charm. Details like a farmhouse sink, rich maple-finished floors, archways, and hand-produced maple cabinetry clearly make this a favorite place to gather family and friends.

Lanterns illuminate the kitchen island with an old bronze finish and seeded, bent-glass panels.

Matuzak Photography (C)

Plenty of storage exists behind the frosted glass door of the pantry. The built-in refrigerator and dishwasher are faced with panels that match the cabinetry. Thermador was the appliance of choice. The arched passageway next to the pantry door leads to the drop zone, laundry room and garage. An oversized archway with custom moulding leads from the kitchen to the great room.

Matuzak Photography (C)

The passage between the foyer and kitchen has a dry bar with wine fridge and barrel shaped ceiling. The chandelier is a transitional bronze with graceful curves and matching candle covers.

Matuzak Photography (C)

A handcrafted walnut table in the adjacent breakfast nook is where casual meals are served.
