---

**Parade of Homes Entry Wins First Place in the \$1.5MM-\$1.7MM Custom Homes Category**

*Located on 1,200 acres in Saint Cloud, this imposing vacation hunting lodge melds rustic finishes with outstanding amenities for the best of both worlds. Architectural roof shingles are CertainTeed Presidential Shake; siding is from James Hardie(TM).*

*Visitors are greeted by a massive great room on the main upper level of this 7,501 sq. ft. custom home. A soaring 16' vaulted pine plank ceiling is accented with timbers reclaimed from the owners' retail establishments. The rustic wood plank floors and alder pine doors are offset by a touch of modern in the chandeliers and cable railings.*

*The entry is reminiscent of an English country home, with a stacked stone feature wall, view of the antler chandelier on the outside landing, and a double entry door crafted from alder wood.*

ΔΔTUZΔK  
PHOTOGRAPHY

*One of two seating areas in the great room offers an outstanding view of the 1,200 acres of property and lake. Antler chandeliers extend the rustic theme of the lodge to the 1,000 sq. ft. outdoor living space. Wood flooring is Triangul® 5" Brazilian Pecan Graphite, windows and doors are by Jeld-Wen®, and sliding glass doors are from LaCantina.*

Open to the great room are the kitchen and dining areas. Anything but rustic, the well-equipped kitchen features a massive 5'x10' marble-look quartz island, Kohler sink, Moen faucet, antiqued cabinetry, concealed walk-in pantry, Sub-Zero(r) refrigerator, and Wolf® gas stove.
